

**Nurvinox SP**  
**Non-Staining Antioxidant****Technical Data Sheet**

CHEMICAL NAME: Styrenated Phenol

CAS No.:61788-44-1

Low cost antioxidant for NR, Synthetics and latexes.

Nurvinox SP is a light yellow transparent stickiness liquid. Nurvinox SP-C is grey-white powder which is absorbed on mineral stuffing by SP.

**PRODUCT SPECIFICATIONS**

Appearance:		Light yellow viscose and transparent liquid
Density	Kg/m <sup>3</sup>	1070-1090
Refractive Ratio	D <sub>n</sub> <sup>25</sup>	1.5985—1.6020
Ash	% max.	0.05
Gardner Color	Max	2
Viscosity	25 °C pa s	3.0-5.0

**TYPICAL PROPERTIES**

Density at 20°C	Kg/m <sup>3</sup>	1075—1088
-----------------	-------------------	-----------

**PACKAGING:**

Drums	200kg iron drum
-------	-----------------

**TDS of Nurvinox SP-C**

Item	Specifications	
	Nurvinox SP-C	
SP content % min,	30	
Moisture content % max.	0.8	
Package:	25Kg paper bag with PE in-Lay	

Shelf Life: 12 monthes
