

## Nurcagran® 600T

Zinc soaps of unsaturated fatty acids

### Technical Data Sheet

#### CORRESPONDING TRADEMARK

Ultra flow 600T; A60; Aktiplast TC/T; Dispergum E

#### PRODUCT DESCRIPTION

Nurcagran® 600T is mainly used for tyre applications.

Nurcagran® 600T improves flow and reduces heat build-up during extrusion process.

Nurcagran® 600T improves mixing and thus enhances the incorporation of compound ingredients.

#### TYPICAL PROPERTIES

Appearance:		Beige to brown pastilles
Melting point	(°C)	85
Ash content	(%) max.	12.5-14.5
Storage Stability		At least 2 years under normal conditions

#### DOSAGE

1 to 3 phr

#### PACKAGING

25 kg paper bag with PE inlay
